In 2021, you brought Joy with your giving

2021 AT A GLANCE:
One Amazing Year

We celebrate YOU, our donors!
In 2021, total donor impact was the greatest in the 21-year history of The Community Foundation of Macon County. More donations were made, more grants were awarded and more critical community needs were met than ever before.

Through the generosity of you and other donors, nearly 260 nonprofit organizations were better able to support the community members they serve.

You help bring a better now, a better future and a whole lot of joy.

Thank you!

At the Community Foundation, it’s our pleasure and privilege to handle the details of philanthropy so you can focus on what matters most – the joy of giving to meet vital community needs.
